

## Advancing Your Career

Wendy L. Werner  
***Werner Associates, LLC***

What are your biggest challenges in your role at your firm?

What are your greatest contributions to your firm?

How do you document your contributions? What are other ways you could document your contributions?

What do you need to know about engineering/architecture/construction that you don't already know?

What are three things you want to do to advance your career in the next year?

What are three things you can do before your next SDA chapter meeting to advance your career?
